The B500 is your humidifier of choice for professional results

Engineered for your indoor climate! Nortec's new B500 is the top class air-humidifier, perfect for achieving optimal humidity levels in large spaces of up to 1,250 square feet. This humidifier doesn't just create a comfortable indoor climate; it also provides proper climate regulation for material storage and preservation. The humidifier comes with a remote, wireless hygrometer and bio-filter.

Integrated, simple to use and detailed control panel

As the leading manufacturer of commercial/industrial humidification systems for more than 40 years, Nortec has the technology and application expertise to meet the needs of any application.

Contact us today and ensure you have the best humidification solution for your application.
